MAYANK RANA

BCA (Computer Science) (2025)

Meerut | mayankrajputana9@gmail.com | LinkdIn | Github |+91-9368230902

PROFESSIONAL SUMMERY

Final-year BCA student with strong knowledge of Power BI, SQL, Java, HTML, CSS, JavaScript, and React. Well-versed in frontend development and data handling, with hands-on practice in building responsive web interfaces and dashboards. Passionate about technology, problem-solving, and writing organized code. Eager to apply technical skills in real-world projects, learn new tools, and grow as a valuable contributor in the IT industry.

EDUCATION

- Bachelor of Computer Application — 2025
  Dewan Institute of Management Studies,
  Meerut, U.P
- Intermediate Education (12th) — 2022
  K.S. Inter College, Kuralsi, Muzaffarnagar
- Senior Secondary Education (10th) — 2020
  K.S. Inter College, Kuralsi, Muzaffarnagar

TECHNICAL SKILLS

Power BI | Basic SQL | Python | Java | Data Cleaning | Data Manipulation | Analysis | Basic Machine Learning | HTML | CSS | JavaScript | Excel | PowerPoint | Tally ERP9

PROJECTS

- **Bank Application** – Created a fully functional Bank Application that allows users to manage their accounts, transfer money, check balances, and track transaction history. The app ensures smooth user experiences with a secure login system and efficient data handling, all backed by a MySQL database.
  - **Key Features**: Easy account creation, quick money transfers, real-time balance updates, and transaction logs

- **Technologies Used**: Java, MySQL, JDBC
- **Achievements**: Built a streamlined, scalable database structure and optimized performance with fast, reliable queries, ensuring smooth operation and secure data management

- **HR Analytics Dashboard (Power BI)** – Developed an interactive HR analytics dashboard in Power BI to uncover key factors driving employee attrition. Leveraged DAX for KPIs like attrition rate and average salary, used Power Query for data cleaning, and implemented dynamic slicers, filters, and drill-down visuals for in-depth analysis.
- **Super Store Sales Dashboard (Power BI)** – Designed a dynamic dashboard to analyze sales performance, profitability, and operational trends across regions, products, and customer segments. Utilized Power Query for data cleaning and DAX for calculating key metrics. Integrated time-series forecasting to highlight seasonal patterns and long-term trends. Enabled interactive filters and drill-downs for in-depth, user-driven analysis.

INTERNSHIP &TRANING

- **RCPL (Ritusha Consultants Pvt. Ltd.)** **March 2025-April 2025**

Data Analytics & Machine Learning Training Project (Python) – Completed a hands-on training program focused on core data science skills using Python. Gained practical experience in data cleaning, manipulation, visualization, and exploratory analysis using libraries like Pandas, NumPy, and Matplotlib. Applied foundational machine learning techniques for predictive insights and built an understanding of the end-to-end data science workflow.

- **AICPE(Diploma in Computer Application)** **May 2022– Nov 2022**

Computer Fundamentals & Office Tools Training – Successfully completed training covering the basics of computers and Microsoft Office applications including MS Word, Excel, PowerPoint, and Access. Gained hands-on experience in document creation, data management, and presentation design. Also learned the basics of web development using HTML and CSS, along with foundational skills in Tally ERP9 for accounting and business management tasks.
